

CH-57
Bolton, site
Waldorf

18th century, circa 1830

This is the site of Bolton, a circa 1830 house that was built over the foundations of a smaller house probably constructed during the 18th century.

Recently, the house has been moved to the Compton vicinity in St. Mary's County, and is now located on Combs Creek. For a description of Bolton, see SM-296.
